JACK GRAPES METHOD WRITING

“What Stanislavski, Strasberg, and Meisner did for acting
Jack Grapes’ METHOD WRITING will do for writing”
—Jim Sloyan

Method Writing is a powerful approach to building your deep voice and activating the creative process. Based on a suite of concepts and exercises Grapes has collected from teaching classes over the last 40 years, Method Writing not only increases your technique, it takes you step-by-step through a process that will empower your writing and change your life.

Helen Hunt: “This book is a jewel. Method Writing will make you a better writer and poet, and that’s the point.”

Lucy Dorn: “Method Writing is a brilliant lesson in tapping true to one’s voice, and the core of the teaching has made me passionate about acting as well.”

Vanessa Williams: “I’m so grateful for the genius techniques of Method Writing—it facilitates miracles.”

Judy Dybzynski Brown: “Your method has the ability to change lives. It has profoundly affected my own life and those of thousands of others who have taken your classes and have been influenced by the concepts in this book.”

Rebecca De Mornay: “I have never seen a book on the craft of writing this persuasive, inspiring, and accessible. The amazing techniques will make the invisible bridge to your destination visible.”

Yves Benjou: “I’ve been reading Method Writing and I cannot express how brilliant it’s changing your book. It’s the entire world needs to read it.”

Madeleine Riggs: “This book has changed the way I think of myself as an artist, and changed the way I approach the creative process.”

“My ad in the [Poets & Writers] New Titles section was easy to place and exciting to see. It looked like a jewel—a tempting piece of candy in a box of new books... If other readers study the New Titles section the way I do, I know my book will get noticed. It’s easy to submit your materials and well worth the price.”

—Jeanne-Marie Osterman, author
"I've advertised 6 books of poetry with Poets & Writers. Each time I leaned heavily on the brilliant design team... the results have always been beyond expectations.

Composition—text block size—color coordination, as well as placement on the page, have been exceptional, resulting in a measurable increase in sales from the ad. Highly recommended.”
